BRING OUT THE BOTTLE

Bespoke bars are perfect for corporate event entertainment. Bespoke is a on-trend concept which encourages a creative and unique flair. Bespoke cocktails have an air of sophistication about them which is difficult to beat, and what's more, your guests will be able to expand their palette and try out different concoctions. Get a talented mixologist or an entertaining expert involved in a bespoke bar at your next corporate event. Your attendees will be delighted by this fun and flirty experience!

SNAP AWAY

Retro photo booths have made a serious come back in recent years - and we aren't just talking about your standard four shot print out. They have changed with the times! A few of our favourites include pop-up scenes, ball pits and glitter cubes. What's more is it also offers a perfect opportunity for branding! Whilst your guests are enjoying themselves, snapping away and sharing their pics on social media, they will be creating e-WOM for your brand!

THE WOW MOMENT

When it comes to providing memorable entertainment ideas, giving your guests something dramatic and unexpected is always the best way forward.

Take it from the event experts, every event needs a “wow” moment. Give your event the X factor with a special performance. We have seen Bollywood dancers, disco ball gymnasts and aerial silk acrobats. These performances steal the show and your guests will be talking about it for weeks to come!

GET CREATIVE

Activities are capable of uniting every guest in the room in a sense of nostalgic, silly fun that will brightening the room unlike any other Christmas entertainment idea.

For an intimate affair there are classics like a Murder Mystery or a Cocktail Making Course. Or for something festive why not try out the Crystmas Challenge or the Christmas Bake Off!
